1. Login with Nethz Username & Password

The screenshot shows a Firefox browser window in Private Browsing mode. The address bar displays `sam-up.math.ethz.ch`. An authentication dialog box is overlaid on the page, titled "Authentication Required". The dialog contains the following text: "https://sam-up.math.ethz.ch is requesting your username and password. The site says: 'nETHz'". Below this text are two input fields: "User Name:" with the value "sutstd" and "Password:" with a masked password represented by dots. At the bottom of the dialog are "Cancel" and "OK" buttons. Two red arrows originate from the top of the page: one points to the "Authentication Required" title, and the other points to the password input field. The background page shows the Firefox Private Browsing interface with various settings and a list of visited pages.

Firefox Private Browsing

When you browse in Private Browsing mode, Firefox:

- visited pages
- searches
- temporary files
- bookmarks
- downloads

Firefox **will save** your:

- bookmarks
- downloads

Private Browsing **doesn't make you anonymous** on the Internet. Your employer or Internet service provider can still know what page you visit.

Tracking Protection

Some websites use trackers that can monitor your activity across the Internet. With Tracking Protection Firefox will block many trackers that can collect information about your browsing behavior.
